LOFOTEN ISLANDS

Imagine a place where high mountains meet the Arctic Sea, colourful fishing villages sit along the coast, and beautiful scenery awaits around every corner. This is Lofoten. From Henningsvær and Stamsund to the picturesque villages of Reine, Å Village, Hamnøy and Nusfjord, explore some of the most beautiful landscapes in Northern Norway. Along the way, discover the unique charm of Lofoten and see why so many travellers dream of visiting this remarkable part of Norway.

REINE VILLAGE

Surrounded by towering mountains and peaceful fjords, Reine looks like a picture-perfect postcard brought to life. One of the most iconic fishing villages in the Lofoten Islands, Reine is known for its traditional red and white houses, beautiful waterfront, and breathtaking scenery. Take your time to explore this charming village and discover the quiet beauty of everyday life in Lofoten.

Å VILLAGE

A village with just one letter for a name — welcome to Å. Located at the southern end of the Lofoten Islands, Å is a charming traditional fishing village surrounded by dramatic mountains and the sea. Take a photo with the famous "Å" sign, wander through the village, and admire its traditional wooden buildings and beautiful coastal setting. Small in size but full of character, Å offers a glimpse into the simple fishing life that has long been part of Lofoten.

NUSFJORD

As you make your way into Nusfjord, the pace of the journey seems to slow down. The small harbour, traditional fishing cabins and old wooden buildings create a glimpse of a village shaped by the sea. Take a leisurely stroll around Nusfjord and imagine the simple coastal life of generations past. As one of Lofoten's best-preserved fishing villages, Nusfjord offers a quieter and more authentic side of the islands.

TROMSØ CABLE CAR TO THE SUMMIT × PANORAMIC MOUNTAIN VIEW

Beyond the Arctic Cathedral, Tromsø is a city where Arctic life and everyday city life come together. Colourful streets, cosy cafés and lively city scenes sit against a backdrop of mountains and fjords, giving Tromsø its distinctive character. But there is more to this Arctic city than what you see at street level. Begin your Tromsø experience with a ride on the famous Cable Car.

TROMSØ CABLE CAR

The journey begins as you step into the cable car and slowly rise above Tromsø. As the cabin climbs towards Mount Storsteinen, the city begins to unfold below, with the harbour, rooftops and surrounding landscape gradually coming into view. Watch the scenery change as you leave the city behind and head towards the summit.

MOUNTAIN VIEW

At the summit, a whole new Tromsø awaits. Step outside and take in the wide-open Arctic landscape, with Tromsø spread out below and mountains stretching into the distance. From this elevated viewpoint, you can truly appreciate Tromsø's unique setting in the heart of the Arctic.

HUSKY SLEDDING × SNOWMOBILE ADVENTURE

In Saariselkä, you will have the chance to experience two of Lapland's most iconic winter activities — husky sledding and snowmobiling. Feel the excitement as the huskies race through the snow, pulling you along the snowy trail. Then, hop on a snowmobile and head deeper into the wilderness, passing through snow-covered forests and peaceful Arctic trails. From the sound of the huskies to the thrill of riding through the snow, enjoy an unforgettable Arctic adventure.

EXPERIENCE A GLASS IGLOO STAY

Spend a special night in a cosy glass igloo, surrounded by the peaceful beauty of Lapland's winter landscape. As evening falls, settle into your warm and comfortable room and look up through the glass roof at the sky above. With snow-covered scenery outside and the Arctic night all around, your stay becomes an experience to remember — and if the Northern Lights appear, you may even have the chance to watch them from the comfort of your own bed.

WALK INTO SANTA CLAUS VILLAGE & RIDE A REINDEER SLEIGH

The Christmas story begins in Lapland. At Santa Claus Village, meet Santa Claus, cross the Arctic Circle and soak up the festive atmosphere of this magical winter destination. As a special highlight of our journey, we have specially arranged a traditional reindeer sleigh ride — one of the most memorable ways to experience the magic of Lapland. Climb aboard and let the reindeer gently pull you through the snowy forest, surrounded by the peaceful beauty of Lapland. It is a special Arctic experience that you can truly enjoy when you are here.

POLAR ICEBREAKER × ICE FLOATING EXPERIENCE

In Kemi, the frozen waters of the Gulf of Bothnia become the setting for a truly unforgettable Arctic adventure. Board a powerful polar icebreaker and watch as the ship cuts its way through the thick sea ice, opening a path across the frozen waters. Then comes the most unique part of the experience — put on a special floating suit and enter the icy sea. Floating safely in the cold waters, surrounded by endless ice and the peaceful Arctic landscape, you will experience Lapland from a completely different perspective.
